

Individual residential house

Category	Country Houses	Authors
Location	Moscow region	Alexander Poroshkin Ilya Korenev
Square	175 m ²	
Year	2014	
Status	Designed	

The project of a country house for a plot of 2270 square meters.

The one-storey house consists of two blocks with the area of 175 m². The construction elements and the facade are made of wood. Large windows serve for good heat isolation.

The blocks of the house are located in such a way that a spacious terrace of 97 m² could be placed in front. The terrace can be used to make barbecue, receive guests and spend time comfortably.
