Federal Center of Government of the Russian Federation and Center for Eurasian Integration

Category	Urban Planning	Authors Alexander Poroshkin Ilya Korenev A.R. Asadov K.V. Saprichyan
Location	Moscow region	
Square	820 ha	
Year	2012	
Status	Concept	

The location project for the Federal Center of Government of the Russian Federation, including the Center for Eurasian Integration in the Moscow region. Two sections were allocated for the project — one in Konstantinovo settlement (20 km from the Moscow Ring Road) and the other in Danilovo (30 km from the Moscow Ring Road). The architects performed the functional zoning of the territory and a concept of the future project and its general lay-out were designed accordingly.

The work on the facility was carried out as part of the Grand Project City project team.
